[2011 Pesticide Applicator Accumulated CEUs](#)

[2012 Pesticide Applicator Accumulated CEUs](#)

Note: Continuing Education Unit (CEU) Listings are Separated by Expiration Date

Frequently Asked Questions:

* If you have 24 CEUs and your license does not expire in the coming year, **DO NOT** submit for a license renewal. You will lose the time between now and your current expiration date. The WDA will not add an additional three years to your current expiration date. Regardless of situation, a Wyoming Pesticide Applicators license will only be good for three years.

* If you have noticed that your current license number does not match the number on the

applicator list, it is do to a change in WDA programming and is not an issue.

* If your name cannot be found on the following list and you are certain that your name should be there, please call Alexandria "Lexie" Englander at (307) 777-7324.

* If you do not agree with the amount of CEUs that have been awarded to you, we encourage you to dispute it

This can be accomplished by sending proof of attendance (agenda is essential) to the WDA, Attn: Hank Uhden.
